Trillium Engineering Terms and Conditions

1. ORDERS

Purchase Orders (the “Order”) for commodities, software, technical data and/or technology items (the “Items”) and/or services (the “Services”) (a) shall contain only the identification of the buyer of Items or Services, as applicable (“Buyer”), and Trillium Engineering LLC or one of its affiliates (“Seller”), description of the Items and/or Services requested by Buyer from Seller, quantity, applicable price, and requested delivery schedule. Seller objects to any other terms in the Order unless accepted in writing by Seller.

2. ACCEPTANCE OF ORDER

Acceptance of the Order shall be by the written acknowledgement of Seller. Seller shall not be obligated to accept any Order. Seller’s acceptance of any Order is given on the express agreement and condition that only these Terms and Conditions shall govern and establish any rights and obligations of the Parties with respect to the Items and Services covered by the Order. In its sole discretion, Seller may delay acceptance of any Order until any information requested by Seller pursuant to clause 12 hereof has been provided by Buyer.

3. PRICES

Prices for Items and Services will be stated on the acceptance of the Order or in a written price proposal from Seller.

4. PAYMENT TERMS

a. Standard. For Buyers who have not been granted credit by Seller, payment must be received by Seller prior to shipment. Funds are “received by Seller” if the payment has been made in a secured form (such as a certified check, cashier’s check, money order, credit card payment, wire, or electronic transfer). If payment is made in another form, the funds are “received by Seller” when, in Seller’s judgment, the transaction has cleared Buyer’s bank and the funds are available to Seller. If payment has not been received by Seller at least two business days prior to the scheduled delivery date, Seller may delay delivery until payment is received by Seller. If the delivery is delayed for failure of Buyer to make the required payment within seven days of the scheduled delivery date, the order will be deemed a cancellation and subject to a cancellation fee of 25% of the total purchase price.

b. Buyers granted credit. If Seller has granted Buyer Credit, payment is due net 30 days from the date of invoice submitted in accordance with the credit terms.

c. Payment shall be made in full, without any withholding, set-off or deduction whatsoever. Seller may apply any payment received from Buyer against any obligation owing by Buyer to Seller under the Order governed by these Terms and Conditions or any other contract. Statements or comments on or accompanying payments shall not be binding on either party. Acceptance by Seller of any payment will not constitute a waiver of Seller’s right to pursue the collection of any remaining balance.

d. Interest will automatically accrue on overdue payments from the due date until payment at the rate of the lower of: (i) eighteen percent (18%) per annum; or (ii) the highest interest rate permitted at law. Buyer will be responsible for any litigation costs and attorneys’ fees associated with collection of past due invoices.

5. CANCELLATION

a. Except as provided in this clause 5, Buyer may cancel an Order for Items without charge, provided that Seller receives written notice of the cancellation at least 45 days prior to the scheduled shipment of the Items being

cancelled, provided, however, that if written notice of cancellation of an Order for Items containing an MWIR camera is received more than 45 days prior to the scheduled shipment, Buyer will be charged a cancellation fee of 50% of the total purchase price.

b. Except as provided in this clause 5, if written notice of cancellation of an Order for Items is received less than 45 days prior to the scheduled shipment date and at least 14 days prior to the scheduled shipment date, the Order will be canceled and Buyer will be charged a cancellation fee of 25% of the total purchase price, provided, however, that if written notice of cancellation of an Order for Items containing an MWIR camera is received less than 45 days prior to the scheduled shipment date and at least 14 days prior to the scheduled shipment date, Buyer will be charged a cancellation fee of 50% of the total purchase price.

c. If written notice of cancellation of an Order for Items is received less than 14 days prior to the scheduled shipment date, Seller may charge a cancellation fee in its discretion of up to 100% of the purchase price.

d. No Orders may be cancelled after delivery by Seller to the carrier.

6. CHANGES

Buyer may by written notice request changes within the general scope of the Order. Seller is not obligated to accept change requests. Upon agreement of the parties, the Order will be modified to reflect any agreed change, including a change to the delivery schedule, and any price adjustment.

7. DRAWINGS AND SPECIFICATIONS.

Unless otherwise agreed, Items shall be manufactured in accordance with Seller's drawings and specifications. Items will be subject to Seller's standard quality control tests and calibrations.

8. INTELLECTUAL PROPERTY

Items sold to Buyer are based on technology developed solely by Seller, and Seller retains ownership of all intellectual property rights therein. Buyer receives no rights or licenses to Seller's intellectual property except to use the Items as they are designed for and expected to be used. Seller shall defend or at its option settle, any claim, suit or proceeding ("Claim") brought against Buyer based on an allegation that Items manufactured and sold by Seller ("Items") under this Agreement directly infringe a valid United States patent, and Seller shall indemnify Buyer against any direct loss, damage or liability incurred by Buyer as a result of such Claim, provided that (a) Seller is notified promptly by Buyer in writing of the Claim; and (b) Seller is given exclusive authority by Buyer and reasonable information and assistance by Buyer for the defense and/or settlement thereof. The foregoing states the entire obligation of Seller with respect to intellectual property infringement indemnification. Seller has no liability for claims based upon: (a) infringement by Items manufactured according to a design, specification, or instruction provided or requested by Buyer; (b) infringement based on the combination, operation or use of the Items with other products not supplied by Seller, wherein the infringement would not have occurred but for such combination, operation or use; or (c) infringement resulting from changes made to the Items without Seller's prior written consent.

9. DISPUTES

Buyer and Seller shall attempt to promptly resolve through good faith negotiation any and all disputes between Buyer and Seller arising out of this Agreement or its performance (hereinafter "Dispute"). If the Dispute has not been resolved by negotiation within twenty (20) business days of the disputing party's notice requesting negotiation (or any agreed extension thereof), either party may request that the Dispute be resolved by binding arbitration. The arbitration shall be held in the State of Oregon and administrated by the American Arbitration

Association. The arbitrator is not empowered to award damages in excess of actual, direct damages. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. Seller may discontinue work on any Items and Services or portions of any Order which gave rise to the Dispute until such time as the Dispute is settled.

10. CHOICE OF LAW

This Order shall be governed by the laws of the State of Oregon, USA, without regard to any conflicts of law principles applied in that state. The parties specifically disclaim application to this Order of the United Nations Convention on Contracts for the International Sale of Items.

11. ASSIGNMENT

Neither Buyer nor Seller may assign, charge, transfer or otherwise dispose of an Order or any interests, rights, or obligations therein in whole or in part, without the prior written consent of the other party, which consent shall not be unreasonably withheld, delayed, or conditioned. Notwithstanding the foregoing, Seller may subcontract any part of the work or services to be provided under this Order.

12. COMPLIANCE WITH INTERNATIONAL TRADE LAWS AND REGULATIONS

In performing the obligations of this contract, both Parties will comply with U.S. and all other applicable laws and regulations governing international trade, including such laws and regulations related to exports and imports, export controls, sanctions, and anti-corruption and bribery, as they may be amended from time to time, including without limitation the Export Administration Regulations (“EAR”), the International Traffic in Arms Regulations (“ITAR”), laws, Executive Orders and regulations administered by the U.S. Department of the Treasury’s Office of Foreign Assets Control, laws and regulations administered by U.S. Customs and Border Protection, the Foreign Trade Regulations (administered by the U.S. Census Bureau) and the laws and regulations administered by the Bureau of Alcohol, Tobacco, Firearms and Explosives of the U.S. Department of Justice, and the Foreign Corrupt Practices Act (collectively, “International Trade Laws and Regulations”). The Party conducting the export, re-export, or retransfer/transfer in-country or other regulated activity shall be responsible for applying for any required authorizations. Each Party shall reasonably cooperate and exercise reasonable efforts to support the other Party in obtaining the necessary licenses or authorizations required to perform its obligations under this contract. Without limiting the generality of the foregoing, before accepting an Order, Seller may require Buyer to provide information regarding any intended export/re-export/retransfer/transfer in-country and the intended end use and end user of any Item or Service covered by the Order.

13. WAIVER

Waiver by either party of strict performance of any terms of the Order shall not be a waiver of or prejudice the party’s right to require strict performance of the same provision in the future or of any other provision.

14. EXCUSABLE DELAY

A delay in the performance by Seller of any obligations under the Order which is caused by an event which is outside the reasonable control of Seller shall entitle Seller to postpone any affected delivery date for such period as is reasonably necessary to offset the effects of the delay. No adjustment will be made to the price under the Order. Adjustment of the delivery schedule is the exclusive remedy of Seller for an excusable delay. Notwithstanding the above, if a delay under this paragraph has continued for a period of ninety (90) calendar days the Buyer may, in the Buyer’s absolute discretion, terminate the Order. In such a case Seller may charge Buyer a cancellation charge equal to no more than 25% of the total purchase price for the Items. Excusable delay includes such things as an act of God, an act of government, fire, flood, strikes, severe weather, etc.

Upon demand by Buyer, Seller shall promptly return or deliver to Buyer all Buyer Materials. Buyer agrees that it has adequate insurance on all of the Buyer Materials, and Seller assumes no liability for loss or damage to said property, including normal and reasonable wear and tear.

16. CONFIDENTIAL INFORMATION

If Buyer and Seller have entered into a separate agreement concerning the distribution and care of confidential information, that agreement shall take precedence over the foregoing. Buyer agrees that in the event of a breach or threatened breach of the provisions of this clause, and in addition to any other rights or remedies the Seller may have at law or in equity, Seller shall be entitled to injunctive or other equitable relief compelling compliance with the aforementioned confidentiality obligations without the requirements of proof of damages or posting of a bond.
